

ANNA YATES ELEMENTARY SCHOOL | ACCEPTABLE USE AGREEMENT

_____ 's class promises to follow these rules while using technology at school.

- We will always keep devices safe and follow device handling rules and procedures.
- We will use devices for educational purposes only, and will use the Internet under the supervision of our teacher.
- We will never give out personal information about ourselves or anyone else, such as home address, phone number, birthday, photos, or the name/location of my school without teacher permission.
- We will keep all digital interactions relevant and respectful. We will treat others online as we would like to be treated.
- We will not engage in cyberbullying or reply to any messages that are mean, or in any way make us uncomfortable. We will tell our teacher right away.
- We will not break, abuse, or vandalize any part of a device or digital equipment.
- We will not alter or attempt to alter any settings, accounts, or software programs existing on the computer or iPad.
- We will not copy any information from the Internet and turn it in as our own work. We will give original author's credit for their work by using proper citation.
- We will aim to create a positive digital footprint to ensure the content we create, post, and share is representing our best selves.

*After reviewing the Acceptable Use Agreement, we understand the school expectations for student device use and agree to follow these expectations. We understand that if we do not follow expectations for technology use, we may lose the privilege to use technology and/or other school consequences.
