1. Narrative description of the Proposition 28 arts education programs funded (2500 character limit).

Proposition 28 Arts and Music in Schools (AMS) funds were used to expand and sustain arts education opportunities for students by supporting theater and music instruction. The District utilized Proposition 28 funding to hire a theater teacher at a 0.4 full-time equivalent (FTE) position, providing students with access to theater education and opportunities to develop skills in performance, creativity, communication, collaboration, and artistic expression.

Proposition 28 funds also supported 0.4 FTE of music instruction at the middle school level. This funding enabled the District to maintain music education opportunities for middle school students that would not have been possible at the same level without the additional resources provided through Proposition 28.

Together, these investments expanded students' access to high-quality arts education and strengthened the District's ability to provide a more comprehensive arts program. Proposition 28 funding supplemented the District's existing educational program by providing additional dedicated resources for arts and music instruction and increased opportunities for students to participate in meaningful arts learning experiences.
