

February 11, 2022

To All Members of the Anna Yates Family,

It is unfortunate that I have to share the following important information with you, and I thank you for your kind attention.

The Emery Unified School District received notification from the Contra Costa County District Attorney's Office that a contracted employee from Elevo Learning is being investigated for possession of child pornography. Elevo Learning, formerly known as Sports for Learning, provides outdoor recreational activities during lunch and recess.

We have taken immediate action and terminated the individual and you can rest assured that this person will not be allowed to return to our district.

The District Attorney's Office has assured us that they do not have any information connecting the investigation to our students. Should you have any information that you believe might help in the investigation, you should contact Detective Brian Holscher at (925) 313-2600.

While it is difficult to share this disturbing information, as our parent partners, I want to offer you transparent and forthright communication. Providing our students with a safe learning environment is a fundamental expectation and priority that we share with our families. If ever you have a concern related to student safety, please contact us. It is only by working together that we can keep our community safe.

Here are a few resources for talking to your children about their personal safety:
